Bazooka SV4010-S, VA-nozzle SV4110 - 30,0N - female R3/4" BSP

SILVENT 4010-S: combines highly concentrated blowing force with an easily maneuverable valve construction and low sound level. Designed with aerodynamic slots to attain optimal utilization of your compressed air while keeping the sound level to an absolute minimum. The valve is power-steered, making it easy to operate with just one hand. Its "dead mans grip" closes instantly if the handle is dropped. Suitable for applications where 100% force is always required. Fully complies with EU Machine Directive noise limitations and OSHA safety regulations. Patented.

Technical data

Item number	729100
Air consumption	216 Nm^3/h
Sound	99 dB(A)
Blowing Power	30 N
Material	Stainless Steel
Air pattern	Wide
