Aluminum safety gun SV 29005W-S-SG-2000

Aluminum safety gun SV2000 | with flat spray nozzle SV9005W-S / L = 2000 mm with soft grip

SV 29005W-S-SG-2000: An air blow gun with a 2000 mm extension pipe fitted with an energy-efficient flat nozzle that generates a strong, efficient blowing force at an exceptionally low noise level. Compressed air is optimally used in this air blow gun, which through its unique design introduces a completely new blowing technology feature. The aerodynamic nozzle design achieves the effect by maximizing entrainment of air. Each orifice is also uniquely designed to optimize the entrainment area. The nozzle is made of stainless steel. This safe and durable air blow gun is ideal for environments where cleaning larger areas is required. Equipped with a Softgrip handle for greater comfort.
