Grease Gun - Continuous shot

swepro C630CL - for industrial use, eg lubrication of truck axles by the long spout. The swepro grease guns have a handy and weight-reduced composite housing and a chrome receiving shaft. Pressing the shutter button, the lubricant is at an operating pressure of 6.2 bar pressed for the duration of release of the recording, and transported through the nozzle tube to the desired location. The chrome cartridge can be fitted with grease cartridges or by a direct filling.

Technical data

Item number	789026
Weight	1,300 kg
Dimensions LxWxH	L:410 / Ø:57,5 mm
Trigger	Push
