

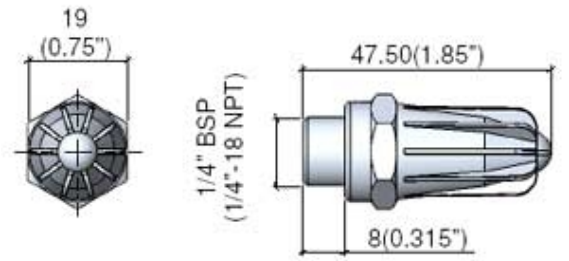
Silvent 216

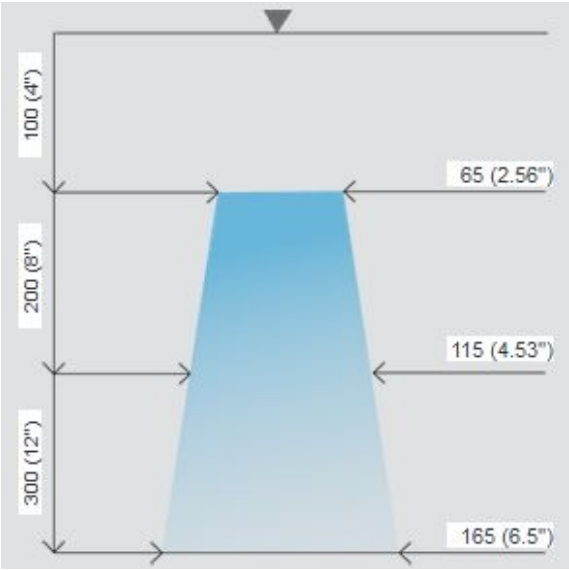
Wide nozzle

SILVENT 216: made of aluminum and surface treated with chemical nickel to handle tough environments. 1/4 " male connection thread. Same performance as 209. Blowing force 3.2 N (11.3 oz).

Product test possible!

Replaces open tube	**Ø 4 mm**
Noise reduction	**65 %**
Air-/ cost savings	**43 %**





Technical data

Item number	712165
Weight	0.04 kg
Air consumption	17,1 Nm³/h
Air connection	1/4 "
Sound	80 dB(A)
Blowing Power	3.2 N
Dimensions LxWxH	Ø 19 x 47 mm
Max. Operating pressure	1.0 MPa
Max temperature	70 °C
Material	Nickel plated
Air pattern	Wide
