

Replaces open tube	10 mm
Noise reduction	20 dB(A)
Air-/ cost savings	100 Nm³/h

Silvent 2055-X-SG 2000

Air Blow Gun - High Blowing Force
2055-X-SG- 2000

Silvent 2055-X-SG is an air blow gun with a 2000 mm extension pipe that has a stainless steel nozzle with patented multi-Laval technology. The nozzle of the air blow gun creates a concentrated jet of air with reduced turbulence, thus enabling a more targeted, effective blowing force. This makes the air blow gun suitable for most types of applications and industries. The blowing force is about five times higher compared to a regular air blow gun which means the work can be done quickly and efficiently. Equipped with a Softgrip handle for greater comfort.

Technical data

Item number	725779
Weight	797 g
Air consumption	85 Nm³/h
Blowing Power	16,0 N
Max. Operating pressure	0,7 MPa
Max temperature	70 °C
Noise	92 dB(A)
Connections	3/8 "
Material	1.4404 Stainless Steel
