SW 7624 Extended die grinder 3+6mm

21 500 1/min - 0,5HP

swepro SW 7624 - This handy, compact and yet extremely robust long-necked stick grinder is ideal for grinding, gloss grinding, polishing and deburring thanks to its quiet running. Thanks to the built-in Kevlar flaps and the high-quality German and Japanese ball bearings, a long service life is guaranteed. The device has a safety switch against unintentional switching on and keeps the exhaust air away from the workplace, thanks to rear exhaust air routing. The grinder is supplied with a mounted 6mm collet and another 3mm collet.
