

SILVENT 593

The Silvent 593 safety shield provides optimal protection for the body and eyes when blowing out blind holes or other cleaning applications. Made from durable polycarbonate, it ensures high resistance and clarity. The safety shield meets OSHA regulations for blow-off safety and is ideal for safe work in demanding environments.

Suitable for: Silvent 2053-X compressed air gun

Technical data

Item number	767040
Weight	24 g
Dimensions LxWxH	Ø100 mm
Max temperature	70 °C
