

Noise reduction	15 dB(A)
Air-/ cost savings	15 Nm³/h

## Air blow gun Silvent 500-P

### Scratch-free PEEK nozzle

SILVENT 500-P: with a PEEK nozzle that prevents unnecessary scratching. The PEEK nozzle has been specially developed for sensitive applications where expensive tools and machines absolutely may not be damaged. The nozzle is fitted on a flexible PA 12 pipe that provides additional protection against scratches caused by mechanical impact. PEEK is a unique plastic material with properties that meet the rigorous quality and safety requirements of, for example, the aerospace industry. It is extremely impact resistant and is capable of handling aggressive chemical environments, strong cutting fluids and temperatures of up to 260°C (500°F). The nozzle is designed with a central hole that generates a concentrated air stream. At the same time, the sound level is low and air consumption is reduced. The PEEK guns are available with three different extension pipe lengths.

### Technical data

Item number	722317
Weight	119 g
Air consumption	15 Nm³/h
Air connection	G 1/4"
Sound	80 dB(A)
Blowing Power	2.7 N
Max. Operating pressure	0.7 MPa
Replaces open tube	4 mm
Max temperature	70 °C
Material	Peek
