

Product test possible!

Replaces open tube **Ø 25 mm**

Noise reduction **84 %**

Air-/ cost savings **45 %**

Silvent 730 C

Slot nozzle

SILVENT 730 C: with aerodynamic slots to allow optimal utilization of compressed air while keeping the noise level to a minimum. Blowing force approx. 30 times stronger than SILVENT 701 (98.0 N (345.9 oz)). For applications requiring more concentrated force on the center of the object to be cleaned, dried, cooled, transported etc. The extra slot nozzle in the middle increases air velocity and thereby blowing force, while retaining the air cone pattern of a SILVENT 720. Specially made entirely of stainless steel. Part of SILVENTs 700 C series, together with 707 C and 715 C. Fully meets OSHA safety regulations and EU Machine Directive noise restrictions. Patented.

Technical data

Item number	717309
Air consumption	636 Nm³/h
Air connection	1 "
Sound	105 dB(A)
Blowing Power	98 N
Dimensions LxWxH	Ø 64 x 59 mm
Material	Stainless Steel
Air pattern	Concentrated
