

## SW ESS120L ESD-Electric screwdriver (DC 40V)

Lever release / Shut-off / 6.0 - 12.0 Nm /  
660/880 rpm

swepro ESS120L - The brushless swepro electric screwdriver impresses with a low-noise, low-vibration, powerful, and virtually maintenance-free electric motor. The corresponding 40V power supply enables a 2-stage speed adjustment, allowing for precise screwing operations. The compact tool can be comfortably operated with one hand, as the direction switch is directly positioned on the ergonomically shaped handle. The screwdriver starts with the trigger release and automatically shuts off upon reaching the set torque. Thanks to ESD protection, screwing operations on electronic components are possible without the risk of electrostatic discharge. Included accessories: cable, 2 bits, handle, suspension. The telescopic arm ST-TAIS050SB (783641) is compatible with the electric screwdriver.

### Technical data

---

Item number	680030
Weight	1,30 kg
Dimensions LxWxH	L: 306 mm
Free speed	660/880 1/min
Torque Range	6,0 -12,0 Nm
Operating voltage	DC40V
Direction of rotation	Right-Left
Trigger	lever
Standard deviation	+/-3%
