Safety air gun - Pro One

easy to dose / L=70 mm bended

Pro One is a robust hand tool designed for professional industrial use. The air gun is fitted with a specially designed, patented nozzle in stainless steel. This allows an effective blowing force and a low noise level. The nozzle creates a concentrated jet of air which reduces turbulence, thus enabling a more targeted, effective blowing force. The model has a lightweight, slim design. The ergonomic handle allows several different grips to make work easier and reduce the risk of repetitive strain injuries.
Important to mention that the Pro One is completely LABS free.
Fully complies with OSHA safety regulations and EU Machine Directive noise limitations.

Technical data

Item number	721200
Weight	0,145 kg
Air consumption	14 Nm³/h
Sound	78 dB(A)
Blowing Power	2,8 N
Max. Operating pressure	0,7 MPa
Max temperature	70 °C
Material	Stainless Steel
Air pattern	Multi Laval
Connection	1/4 BSP
