Aluminum safety gun SV 29005W-S-SG

Aluminum safety gun SV 2000 / with flat spray nozzle SV9005W-S / with soft grip

SV 29005W-S-SG: an air blow gun fitted with an energy-efficient flat nozzle that generates a strong, efficient blowing force at an exceptionally low noise level. Compressed air is optimally used in this air blow gun, which through its unique design introduces a completely new blowing technology feature. The aerodynamic nozzle design achieves the effect by maximising entrainment of air. Each orifice is also uniquely designed to optimize the entrainment area. The nozzle is made of stainless steel. This safe and durable air blow gun fits environments where cleaning of bigger areas are needed. Equipped with a Softgrip handle for greater comfort.
