SW 7868 Angle Grinder

5" / 125mm - 1,5HP

swepro SW 7868 - With an output of 1.5 hp, this compact angle grinder is one of the most powerful grinders in our range. The SW 7868 can be used universally for cutting, grinding and roughing plastics, metals and other materials. The side-mounted handle ensures better handling and more control. As the handle can be mounted on both sides, the tool can be operated by right and left-handed users without any problems. The grinder has a safety lever to protect against unintentional switch-on and a spindle lock for quickly changing the cutting discs. The disc guard can also be adjusted all round using an intuitive mechanism.
