SW SP5334 SWEFACT™ Industrial Air Impact Wrench

3/4" - 1.690 Nm

The SW SP5334 SWEFACT™ industrial impact wrench is a large and powerful model (L: 187 mm; 3/4") with a torque range of 1690 Nm within 5 seconds and a maximum torque of 2600 Nm. The short design and the light weight of 3.5 kg considerably reduces the workload for the user. All innovative SWEFACT™ industrial impact wrenches of the series incorporate a completely new type of impact technology. Thanks to the closed design of the patented SWEFACT™ impact wrenches, the service life of the impact wrenches is extended by 80% and their maintenance intervals by 125% compared to the previous models with the twin-hammer impact wrenches. The lubrication via a grease nipple is completely eliminated. In addition, the industrial impact wrenches vibration and noise reduced.

Technical data

| | |
|-------------------------|--------------|
| Item number | 785334 |
| Weight | 3,5 kg |
| Air consumption | 0,221 m³/min |
| Air connection | 3/8" BSPT |
| Sound | 85 dB(A) |
| Dimensions LxWxH | L= 187 mm |
| Max. Operating pressure | 6,3 bar |
| Free speed | 4500 1/min |
| Max. torque | 2600 Nm |
| Vibration | 7,7 m/s² |
