SW 4436 Air drill angle-type

10 mm key chuck / robust Aluminium housing

swepro SW 4436 - The air angle drill is characterized by its handiness. This is not only due to its compact design, but also through the 90° arrangement of the drill. You can work with high precision and it is optimal for applications at hard to reach and confined spaces. The air angle drill is equipped with a right-left-run and with a 10mm key chuck. The drill can be changed very quick and easy.
