

Olio speciale per utensili pneumatici ISO VG32 - 250ml

intervallo temp. -35° C a 85° C

swepro Pneumatic oil is a high performance lubricant which is ideally suited for use with pneumatic tools and equipment, e.g. maintenance units and mini oilers. The high-performance lubricant is based on mineral oil and is supplied in a 250ml canister. The viscosity of the oil is 35mm²/s (40°C) and is suitable for applications in the temperature range from -35 °C to 85 °C. The lubricant can be used in a wide variety of applications. The oil is characterised by good corrosion protection, excellent ageing resistance and excellent wear protection.
