SW 4232H-45 High-speed air drill

10 mm keyed chuck / 4500rpm

swepro SW 4232H-45 - This drill with 10mm key chuck is powerful and has a rugged aluminum housing and a comfortable soft handle. The air drill is ideal for drilling in aluminum and polishing because of its high free speed of 4,500rpm. SW4232H-45 has a low noise level although the tool has a high free speed. The drill is suitable for continuous use in industrial operation.
