Silvent 394 W-Z Air Knife

Alu | L=190mm with 4x flat nozzle SV 9002W-Z | 33N - IG 3/8

Silvent 394 W-Z is an energy-efficient air knife that generates an extremely strong, effective blowing force, while keeping the sound level exceptionally low. This air knife makes the best use of compressed air and its unique design introduces an entirely new quality to blowing technology. The effect is achieved through the aerodynamic nozzle design, which maximizes co-ejection of air. This new Silvent Technology utilizes as much of the surrounding jet area as possible.
