SW SSSP020 Industrial air screwdriver straight type

0.3 - 2.0 Nm / Push-start

swepro SW SSSP020 - The new swepro industrial screwdriver series impresses with a new low-noise and low vibration, durable and powerful vane motor. A screwing can be performed quickly and accurately due to the high free speed. The compact screwdriver can be operated with one hand, because the direction switch is positioned directly on the ergonomically designed handle. SW SSSP-series has a push-start and stops automatically when the adjusted target torque is fulfilled. A 360° rotating air connection prevents tension between the air hose and the tool.
