SW SASL050 Industrial air screwdriver angled-type

1.0 - 5.0 Nm / Lever-start

swepro SW SASL050 - The new swepro industrial screwdriver series impresses with a new low-noise and low vibration, durable and powerful vane motor. A screwing can be performed quickly and accurately due its angled head at limited and hard to reach spaces. The compact angled screwdriver can be operated very comfortable, because the direction switch is positioned directly on the ergonomically designed handle. SW SASL-series has a lever-start and stops automatically when the adjusted target torque is fulfilled. A 360° rotating air connection prevents tension between the air hose and the tool.

Technical data

Item number	783825
Weight	0,770 kg
Air consumption	0,300 m³/min
Dimensions LxWxH	L: 310 mm
Free speed	550 1/min
Torque Range	1,0-5,0 Nm
Vibration	0,9 m/s²
Direction of rotation	Right-Left
Trigger	lever
Standard deviation	+-3%
Connection	1/4 BSPT
