SW IWSS70 Visseuse droite à impulsion

Shut-Off (40 à 70Nm) 6.100 1/min - 3/8"

swepro SW IWSS70 - The robust impulse tool straight type with a torque range of 40 to 70 Nm is ideally suited for precise screw connections with high repetition accuracy in industrial assembly. The high speed of operation and the quality of the fittings increase productivity in all areas. The non-slip behavior of the tool as well as the low noise and vibration levels reduce health risks for the user to a minimum. The low weight, the isolated handle and the very good balance of the tool allow fatigue-free working, even in confined areas. The shut-off function automatically switches off the screwdriver as soon as the pre-set torque is reached.

Spécifications techniques

Numéro de produit	783960
Poids	1,150 kg
Consommation d'air	500 l/min
Raccord d'air	1/4" BSPT
Niveau sonore	79,8 dB(A)
Dimension LxlxH	L=248 mm
Pression maximale	6,3 bar
Vitesse de rotation	5.800 - 6.100 1/min
Pour des vis	M10 - M12
Emplitude de torque	40 - 70 Nm
	8 mm
