## SW SP5410 SWEPACT™ Industrial Air Impact Wrench pistol-type

**1" - 2.305Nm / 6,8 kg**

The SW SP5410 SWEFACT™ industrial impact wrench is a very powerful model (L: 244 mm; 1") with a torque range of 2305 Nm within 5 seconds and a maximum torque of 3800 Nm. The short design and the weight of 6,8 kg considerably reduces the workload for the user. All innovative SWEFACT™ industrial impact wrenches of the series incorporate a completely new type of impact technology. Thanks to the closed design of the patented SWEFACT™ impact wrenches, the service life of the impact wrenches is extended by 80% and their maintenance intervals by 125% compared to the previous models with the twin-hammer impact wrenches. The lubrication via a grease nipple is completely eliminated. In addition, the industrial impact wrenches vibration and noise reduced.

### Technical data

|                         |              |
|-------------------------|--------------|
| Item number             | 785410       |
| Air consumption         | 0,300 m³/min |
| Air connection          | 1/2" BSPT    |
| Sound                   | 102 dB(A)    |
| Max. Operating pressure | 6,3 bar      |
| Free speed              | 4400 1/min   |
| Max. torque             | 3800 Nm      |
| Vibration               | 8,8 m/s²     |
