SW SP5510 SWEPACT™ Industrial Air Impact Wrench straight-type

1" - 2.440Nm

The SW SP5510 SWEPACT™ industrial impact wrench is a very powerful model (L: 340 mm; 1“) with a torque range of 2440 Nm within 5 seconds and a maximum torque of 3800 Nm. The short design and the weight of 8,5 kg considerably reduces the workload for the user. All innovative SWEPACT™ industrial impact wrenches of the series incorporate a completely new type of impact technology. Thanks to the closed design of the patented SWEPACT™ impact wrenches, the service life of the impact wrenches is extended by 80% and their maintenance intervals by 125% compared to the previous models with the twin-hammer impact wrenches. The lubrication via a grease nipple is completely eliminated. In addition, the industrial impact wrenches vibration and noise reduced.

Technical data

Item number	785510
Weight	8,5 kg
Air consumption	0,340 m³/min
Air connection	1/2” BSPT
Sound	103 dB(A)
Max. Operating pressure	6,3 bar
Free speed	6380 1/min
Max. torque	3800 Nm
Vibration	10,8 m/s²
