SW C5155 Compact Impact Wrench

800 Nm - 1/2" - 1,9 kg

The SW C5155 compact impact wrench is characterized by a particularly high performance in its weight class - and that with a weight of only 1.9 kg. It reaches a working torque of 800 Nm within 5 seconds. Due to its short design, the SW C5155 allows working even in particularly narrow working areas. Together with the low vibration and its ease, the workload for the user is reduced considerably. The high quality standards are also reflected in the double-hammer impact mechanism. Compared to conventional models, the compact impact wrench is very low-maintenance.

Technical data

Item number	785765
Weight	1,9 kg
Air consumption	0,161 m ³ /min
Air connection	1/4 "
Sound	90 dB(A)
Dimensions LxWxH	L = 156 mm
Max. Operating pressure	6,3 bar
Free speed	7500 1/min
Max. torque	800 Nm
Tap settings	3
Vibration	9,1 m/s ²
