Silvent BG-007

Blindhole-blower

SILVENT BG-007: hole-blower that replaces conventional air guns when cleaning out blind holes. Clean-out of blind holes generates extremely high and dangerous noise levels. BG-007 eliminates hazardous noise and collects flying chips and debris directly in a sealed container. This closed system ensures a cleaner, quieter, and safer working environment. Fitted with a specially designed rubber collar that completely seals off the hole during clean-out. The flexibility of the collar allows adjustment to the ergonomically correct working angle. The collection vessel is easy to empty and can be rotated 360°. Provides both top and bottom air supply connection.

Technical data

Item number	790007
Air consumption	4,4 Nm³/h
Sound	77 dB(A)
Blowing Power	1 N
Material	Stainless Steel
Air pattern	Misc.
