Biztonsági levegőpisztoly - Pro One+

L=300mm egyenes csővel

Pro One is a durable hand tool designed for professional industrial use. The air gun is fitted with a specially designed, patented nozzle in stainless steel. This allows an effective blowing force and a low noise level. The nozzle creates a concentrated jet of air which reduces turbulence, thus enabling a more targeted, effective blowing force. The model has a lightweight, slim design. The ergonomic handle allows several different grips to make work easier and reduce the risk of repetitive strain injuries.
